**Alfalfa Bill says:**  
I or that run of the representative of the Wimp Lined Spelling Book is in our favor. I am heartily in favor of simplified spelling. It is much easier to express one's thoughts when you eliminate the unnecessary links and kurlous from the language. Take the word dam for instance; I never could see any good in putting an "n" on the end of that word and my vast perfectly good letters when there is only twenty-six of them in the pore ole alphabet anyhow. Silent letters is only good in my opinion for deaf and dumb folk on the tongue-tid. The originator of simplified spelling was Josh Billings, wan of my pals in the early days of huma dauties I hav herd. Kurni Roosevelt an I ar agree on the ade of reforming the language; the Kurnel never could see the use of spelling the short an ugly word liar when it ot to be by an anywan can ce for himself. I find I can tok much easier in this lingo an u will be liki to her from me much mor frekenth hearfter.

a time the surgeons held out but little hope for the recovery of the patient.  
E. H. Hauser, a well known Santa Fe switchman, has returned from Cleveland, O., where he was called by the death of his sister. Mr. Hauser reached Cleveland after the funeral, a telegram sent notifying his relatives that he was on the way having remained undelivered through the negligence of the telegraph company.

**MARRON REFUSES TO GIVE UP THE SCHOOL FUND**

**State Treasurer Stands Pat Against Investment of Money in Four Percent Highway Bonds.**

**WILL YIELD ONLY TO ORDER OF COURT**

State Treasurer G. N. Marron, custodian of the state school funds, which the governor, attorney general and secretary of state seek to invest in the four per cent highway bonds has refused to give up the funds and declines to do so without a court order. Mr. Marron bases his refusal on the ground that the state school funds are now bringing five per cent and better and that under the law it would be an infraction of the treasurer's duty to invest them at a lower rate.

Mr. Marron has addressed the following letter to the three other state officials:

July 12, 1913.  
Hon. William C. McDonald, Governor of New Mexico,  
Hon. Antonio Lucero, Secretary of State,  
Hon. Frank W. Clancy, Attorney General.

Dear Sirs—I am in receipt of your letter of the 10th inst., in which you state that "we decline to pass upon the question as to whether the bank securities are unsafe or not." As it is no part of our duty to do so, nor have you any right to demand of us that we should pass on that question, especially after we have united in rejecting the bids of the banks for the avowed purpose of investing the funds in the "state highway bonds," and also that you cannot find any provision of law giving me, as state treasurer, any authority to make any investment of this permanent school fund, except as directed by you as a board.

I cannot and do not agree with your construction of the law, and inasmuch as these funds are now, and have been since their receipt several years ago, invested in such manner as will satisfy the provisions of joint resolution No. 14, of the second session of the state legislature of 1912, and are returning in interest substantially over 5 per cent, I deem it would be an infraction of my duty as such state treasurer to withdraw these funds and invest them in the state highway bonds as desired by you, being a security which would return only 4 per cent and under the circumstances I most respectfully decline to invest these funds as attempted to be directed by you unless I am directed to do so by a proper judgment of the court.

Very respectfully,  
G. N. MARRON,  
State Treasurer.

**SPEED FIENDS TO ESTABLISH FEW RECORDS**

**George Hottinger and "Red" Sperry to Race Against Time on Circular Track at Traction Park.**

For the purpose of establishing local circular track records, George Hottinger, in a Ford, and "Red" Sperry, in an overland, will race against time at Traction park within a few days. The exhibitions will be held in front of a stop watch committee and the records will be found in to speak for themselves until someone comes along and tries to break them.

The races against time are being arranged by Edward Mowry, who is promoting an all-sport card for Labor Day afternoon. Mowry has received a request from Daniel C. O'Neil of the White Sox baseball club of Santa Fe, that the Sox be counted on the baseball program on Labor Day.

**GUARDSMEN LEAVE ON SPECIAL FOR LAS VEGAS**

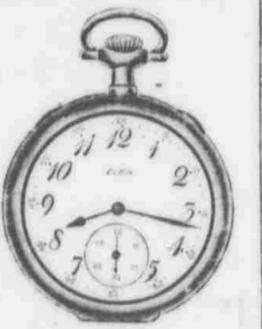

**Three Hundred Officers and men to Participate in Manuevers in New Mexico Encampment.**

Traveling in a special train, three hundred officers and men of the New Mexico National guard left Albuquerque at 7:05 o'clock this morning over the Santa Fe for Las Vegas, where they will attend the annual encampment at Camp McDonald. The train carried seven companies, from Carlsbad, Portales, Clovis, Tucuman, Silver City, Las Cruces and Albuquerque. The guardsmen from the eastern part of the state arrived at 8:40 last night, the southern companies arriving at 4 o'clock this morning. The companies from the eastern part arriving last night were in command of Major E. P. Rojas of Carlsbad, Col. E. C. Abbott of Santa Fe arrived last night from Santa Fe and directed the entraining of the soldiers. The guardsmen leaving for Las Vegas today were splendidly drilled, and will doubtless make a fine showing at the encampment. With but few exceptions the guardsmen behaved themselves while in Albuquerque last night and when the special left for Las Vegas this morning all responded as well as could be expected. Under command of Captain B. Hunter, was ready to entrain at daylight this morning. The Company G men looked spry and span and expected to win honors at the encampment.

**REGULAR U. S. ARMY MEN WILL INSTRUCT**  
Las Vegas, N. M., July 15.—Lieut. G. P. Rosell of the Twenty-second Infantry, United States army, has arrived in Las Vegas to take charge of the instruction of the New Mexico National guard state encampment, which will be in full swing Thursday. Lieutenant Rosell is one of the best equipped men in the United States army for the instruction of state militias and has been detailed as instructor many times. He is a graduate from the famous training institution for army officers at West Point, and there held a high standing.  
After graduating from West Point Lieutenant Rosell left for Eaton Ridge Ia., where he entered the state university and where he still holds a high position as a military instructor. Lieutenant Rosell stated this morning that he was more than pleased with the site of Camp McDonald. He stated that it was possibly one of the best sites that he has ever visited when consideration is taken of essentials that are necessary to make a camp well drained and guarantee that the sanitary conditions are perfect. He is certain that the next year will turn out to be most successful. Interest all over the state is great among the militia-men. Lieutenant Rosell will go to Oklahoma after the New Mexico meet is finished and there conduct a similar instruction course, after which he will visit Camp Perry during the big national title meet.
